this comprehensive guide covers all aspects of action learning one of the most widely used development methods in health social and community care the book addresses the theory and practice of action learning in these fields and considers action learning as an adult educational ethos as well as a helpful tool based upon

emerging experience it identifies good practice in action learning and offers a wide range of resources to enable individuals and organisations extract maximum benefit from this approach offering practical tips grounded in sound educational principles this book is invaluable reading for all senior managers and professionals considering using action learning for leadership management and organisation development purposes including organisation development practitioners and action learning facilitators and for medical and healthcare educators and their counterparts in social and community care looking for a general introduction to this growing field

the discipline of social policy oftentimes deemed a part of social work as a profession was born in the west unlike social policy that started with the post war idea of a welfare state in the mid 20th century social work traces its roots to individual casework pioneered by the charity organization society cos early social administration including state wide poverty relief an advocacy effort of the cos but with deep roots in the english poor laws of the 17th century and social action emphasizing political activities to improve social conditions originating from the settlement house movement which began in the 1880s the development of social work is historically intertwined with that of public welfare philanthropy and charity and is an inherently international subject this conception is broader than international social work as a discrete field of professional practice which crosses geopolitical borders and all levels of social and economic organizations with a focus on development however each nation has a story of its own in terms of professionalization of social work in the evolution of public welfare and philanthropic charitable undertaking within its particular economic political social and cultural settings a wide ranging and in depth study of various especially non western country cases is essential to an adequate comprehensive understanding of the social work profession which is also a basic requirement of its value of diversity china is undoubtedly an important case with the largest population on earth it s also unique in view of so called chinese characteristics which are sometimes fundamentally different from other particularly western societies it s even intriguing given the country s lengthy complex history and its recent rapid rise to a global superpower with a claim of national goals and core values that seem to be rather considerable to social work as a helping profession therefore any significant lessons learned from the chinese experiences would help with a better international understanding and further advancement of social work and public welfare at a global scale

professional social work education and health care responds to critical concerns about the educational preparation of social workers within the rapidly changing health care environment contributors address issues and questions of importance to educators who are contending with the multiple challenges of rapidly changing

institutions fiscal constraints and service to populations with complex social health care needs this coverage provides you with important visions of the future education of leaders in health care social work the editors of professional social work education and health care present information that looks to the future in order to open the floor for communication among the leaders in health care social work settings chapters explain the context of social work practice explore current social work practice issues and look into continuing education and fieldwork in doing so they give you valuable information about important issues such as changes in social work department structure and function in challenging economic times collaborative efforts and reciprocal relationships in education and training emergence of networks that will join forces with hospitals preparation for short term solution based social work the remaining need for traditional long term social work frameworks and values the shift in ideology to viewing clients as consumers rather than patients modification of curriculum to focus on parenting health education adolescent pregnancy prevention and wellness programs emergence of a model for post master s education field work in community based health care placements versus inpatient hospital settings this book s model for making education and practice responsive to each other and for responding to the needs for collaboration makes it a valuable resource for social work educators practitioners and clinicians in health and mental health advanced gerontologists in academic and practice agencies and teachers of policy and research in health concentrations in schools of social work professional social work education and health care is an excellent ancillary text for advanced undergraduate and graduate courses in social work practice in health and mental health and is a strong addition to reading lists for classes on social work with the aged social work research in health care and field work seminars in health and mental health

social workers and other professionals working in the area of mental health often face complex and difficult practice dilemmas shaped by increasingly demanding policy and legal contexts across the u k jim campbell and gavin davidson focus on the post qualifying role played by mental health social workers in this book the authors draw on theoretical and research perspectives on the subject before outlining how professionals can achieve best practice

transformative social work practice presents an innovative and integrative approach towards critically reflective practice with an interweaving of micro mezzo and macro applications to real world demands the authors explore issues commonly addressed by social workers including health mental health addictions schools and family and community violence while challenging assumptions and promoting ethically driven evidence based practice perspectives to advocate for social justice and reduce disparities the book is about redefining social work practice to meet the current and complex needs of diverse and vulnerable individuals families and

communities in order to enhance their strengths in an era of unprecedented technological growth globalization and change

includes abstracts of magazine articles and book reviews
