according to Rudolf Steiner's spiritual science, the greatest spiritual event of our time is the renewal and reawakening of our human suprasensory relationship to the higher spiritual worlds. The force that leads to this development, called by various names in different cultural and religious traditions, is called the Christ impulse by Anthroposophy in accordance with Christian terminology. Because of new naturally endowed suprasensory faculties, human beings are increasingly able to experience and perceive through an act of grace the great spiritual force of the Christ impulse. This experience is said to be a naturally given initiation.
